Honors English

Instructions: 1) Define each word in terms you understand. Do not merely copy a complicated dictionary definition. Single synonyms or short informal phrases are fine providing you know what they mean. 2) List related forms of the word – with their parts of speech – and/or identifiable “word cells” within the word. 3) Write a sentence containing the word or one of its forms that illustrates you actually know what the word means and how it should be used in a sentence.
