

***Stargirl* Final Exam**

Complete **one** (1) of the following projects on or before _____:

- a. Create a greeting card for an unusual occasion or a thank you card for someone in the school who deserves to be recognized but isn't. The card will be delivered anonymously, so the recipient's name **MUST** appear clearly and neatly on the card.
- b. Make me a rock for my "happy wagon." The rock can't weigh any more than a couple ounces or it won't fit in the wagon, so no boulders! Paint an appropriate graphic on it (something we both "get") as well as your name and the date. Make it something for me to remember you by...happily.
- c. Bring a ukulele, guitar, or other musical instrument that is small enough to carry and "serenade" someone in the class. Your serenade should not be longer than 3 minutes, and you must sing (in your own voice with your own accompaniment) loudly enough for everyone to hear. Own it!
